# Tuning in Again

I'm trying to get through to you  
I'm tuning in to the frequency of your soul

# In This Together

Should I've seen this coming  
Should I've known this  
Shouldn't have let it happen  
My mistake alright  
Stuck again  
Doing nothing (Doing nothing)  
Too alike yet far apart  
What felt so good once is breaking me  
And tearing us apart again

Don't you see?  
We're in this together  
You and me  
One on one forever

Don't you see?  
We're in this together  
You and me  
One on one forever

I know it's self-inflicted  
We're way too desperate  
Way too addicted  
But I can't help the way I feel  
I know it's time to be strong  
Now when all hope is gone  
And when what felt so good once  
Is breaking me  
And tearing us apart again

Don't you see?  
We're in this together  
You and me  
One on one forever

Don't you see?  
We're in this together  
You and me  
One on one forever

And in your troubled eyes I see  
Someone who carried me somehow  
Like footprints in the sand  
You've been behind me all along  
We got it wrong from the start  
Now it's you and me  
Let's hit it on  
Don't you see?  
It's you and me against the world  
We're in this together  
One on one forever

# Love to Blame

We've gone a long way while learning  
Still our hearts kept on burning  
We've gone right, we've gone straight  
and ended up far out

We've reaped the fruits of deception  
Opened the doors of perception  
And burned down all the bridges  
we came across

When will you be whole again?  
We've both been down that road  
Going nowhere  
Still you ask "Is love to blame?"

# You Keep Me From Breaking Apart

I'm only here because of you  
And because you never left me behind  
Saying thanks in my own way  
I say it with a song that soon will fade away

You keep me from breaking apart

You understand the chaos in my head  
Only you understand every word I say  
You restore my soul and erase all hurt  
The hurt that only you can take away

You keep me from breaking apart

# Cambodia

Well he was Thailand based  
She was an airforce wife  
He used to fly weekends  
It was the easy life  
But then it turned around  
And he began to change  
She didn't wonder then  
She didn't think it strange  
But then he got a call  
He had to leave that night  
He couldn't say too much  
But it would be alright  
He didn't need to pack  
They'd meet the next night  
He had a job to do  
Flying to Cambodia

And as the nights passed by  
She tried to trace the past  
The way he used to look  
The way he used to laugh  
I guess she'll never know  
What got inside his soul  
She couldn't make it out  
Just couldn't take it all  
He had the saddest eyes  
The girl had ever seen  
He used to cry some nights  
As though he lived a dream  
And as she held him close  
He used to search her face  
As though she knew the truth  
Lost inside Cambodia

But then a call came through  
They said he'd soon be home  
She had to pack a case  
And they would make a rendez-vous  
But now a year has passed  
And not a single word  
And all the love she knew  
Has disappeared out in the haze  
Cambodia - Don't cry now - No tears now

And now the years have passed  
With not a single word  
But there is only one thing left  
I know for sure  
She won't see his face again

# Back on Track

I hate to play my part  
In this twisted odyssey  
Which seems to last forever  
I'm a disharmonic key  
In a wicked symphony  
It seems the more I hurt the better

One day you'll want me again  
One day you'll love me again  
One day and we will be back on track again

(Back on track again)  
(Back on track again)

It's way too dark to see  
I'm drained of energy  
Corrupted and exploited  
I've cried enough for you  
You've cried enough over me  
The never-ending game we play

One day you'll want me again  
One day you'll love me again  
One day and we will be back on track again

One day you'll want me again  
One day you'll love me again  
One day and we will be back on track again

(Back on track again)  
(Back on track again)

# Tuning in to the Frequency of Your Soul

I'm trying to get through to you  
I'm tuning in (to) the frequency of your soul  
Why won't you hear?  
Why won't you feel?  
I'm tuning in to the frequency of your soul

It makes no sense, you / we won't connect  
The more I push the more you reject

# Mercy Kill

Tell it to my face  
Stab me while you can  
You rip my heart open  
And so we crash land again  
Stumbling forward  
Just a heart of gold  
And a fist of glass  
And so on it goes  
The sharpest tool kills the fainthearted fool  
Not so long ago...

(Not so long ago...)

Just blame it all on me  
Would be better off being a dead man  
Lay it all on me  
Destroy me while you still can  
Not so long ago  
It backfired and you ran  
In search of higher love  
And a new beginning  
Now you're still dwelling on the past  
I'm telling you come on  
I would still take a bullet for you

(Not so long ago...)

Not so long ago  
It backfired and you ran  
In search of higher love  
And a new beginning  
Now you're still dwelling on the past  
I'm telling you come on...

(Not so long ago...)

Just blame it all on me  
Would be better off being a dead man  
Lay it all on me  
Destroy me while you still can  
Not so long ago  
It backfired and you ran  
In search of higher love  
And a new beginning  
Now you're still dwelling on the past  
I'm telling you come on  
I would still take a bullet for you

# Lost in Translation

Fragile you are  
And yet the strongest by far  
Who's to save us now  
that you've turned weak

I can see it in your eyes  
I can feel it in my gut  
Now we've really reached  
the point of no return

We've all been traumatized  
We were all a part of the revolution  
We call the truth a lie  
Too much got lost in translation

From my heart to your ears  
Transforming words to tears  
As vibrations of a string  
become a sound

I realize we're frail  
burnt-out and pale  
do you think we will ever learn to love again?

We've all been traumatized  
We were all a part of the revolution  
We call the truth a lie  
Too much got lost in translation

# Maze

(You're out there, I'm still in here  
Hoping this day would never come  
Now it's time to get away  
I was hoping this day would never come)

Will you fight on my side?  
Will you stand by me until you fall?  
I'm the deaf, you're the blind  
Lead me out of this maze  
I'm out of time

You're out there, I'm still in here  
Hoping this day would never come  
Now it's time to get away  
I was hoping this day would never come

(Get me out of this maze)

# Into the Unknown

We got lost inside a storm  
dazed and hurt we fought it through  
drawn to the light both detached  
heading into the unknown

Whenever you wanted me  
I was there for you  
and by a torch of faith  
I set myself on fire

How long must I wait for you?  
I just can't get you off my mind)  
How long must I wait for you?  
(being apart is wasting time)

There's a voice inside my head  
Telling me to go on alone  
That I'd stand a better chance  
To get through this on my own

Whenever you wanted me  
Well, I was there for you  
and by a torch of faith  
I set myself on fire

How long must I wait for you?  
(I just can't get you off my mind)  
How long must I wait for you?  
being apart is wasting time)

# Shine On

In a garden in the house of love, sitting lonely on a plastic chair  
The sun is cruel when he hides away, I need a sister - I'll just stay  
A little girl, a little guy - in a little church or in a school  
Little Jesus are you watching me, I'm so young - just eighteen

She, she, she, she Shine On  
Shine On  
Shine On

In a garden in a house of love, there's nothing real just a coat of arms  
I'm not the pleasure that I used to be - so young - just eighteen

She, she, she, she Shine On  
Shine On  
Shine On

I don't know why I dream this way  
The sky is purple and things are right every day  
I don't know, it's just this world's so far away  
But I won't fight, and I won't hate  
Well not today

In a garden in the house of love  
Sitting lonely on a plastic chair  
The sun is cruel when he hides away

Shine On...  
Shine On  
Shine On

...and on... and on...

Shine  
Shine On  
Shine  
Shine  
Shine
