# Ritual Noise

We make ritual noise  
Wired to the world  
Under our fingertips  
We take special care  
Listen to the words  
Spoken in confidence  
We make ritual noise  
Shouting to be heard  
Cooling our burning lips  
We break down the gates  
Open up our wounds  
Bleeding for innocence

We make ritual noise  
We weave the fabric of dreams  
We build cities of sound  
We feel the rhythm of time  
We live dangerous lives  
We have the power of will  
We twist logic around  
We feed the engines of change

# Pulse

I'm falling out of cars  
Don't know when I'll hit the ground  
Hold me when I fall  
Headlights in my face  
My body's full of scars  
Words are lost and won't be found  
Stay until I'm gone  
Stumbling on my knees

I'm dancing in the dark  
Shrinking cities feel the sound  
Hear the silent hum  
Searchlights in the skies  
I'm blinded by the stars  
There is darkness all around  
Hold me when I cry  
Those were all my days

I'm falling out of cars  
Hanging on the windscreen  
I'm blinded by the headlights  
I'm killing ground  
I'm dancing in the dark  
Stumbling on the highway  
I'm guided by the city light  
I'm lost and found

I'm falling out of cars  
Don't know when I'll hit the ground  
Hold me when I fall  
Headlights in my face  
I'm dancing in the dark  
Shrinking cities feel the sound  
Hear the distant hum  
Searchlights in my eyes

I never took the time  
I should have told you then  
I never found the time  
Falling out of cars

I'm falling out of cars  
Hanging on the windscreen  
I'm blinded by the headlights  
I'm killing ground  
I'm dancing in the dark  
Stumbling on the highway  
I'm guided by the city light  
I'm lost and found

# Happy Man

I don't love anyone  
No I just want my fun  
I'm a happy man  
Yes I'm a happy man

# Brave New World

The earth is shaking  
Down below our feet  
We move in wonder  
And we generate the beat  
Our blood is boiling  
Wonderful in heat  
We glow like embers  
Dancing in the dark

Where is the promised land  
Where is the brave new world  
Where do all dreams go when they die  
We can move the streets today

The lights are fading out  
Before our eyes  
We lose each other  
And we celebrate the peace  
Our lives are changing  
Faster than we think  
We flow like dancers  
Crashing in the dark  
Another morning broken  
Shattered sheets of lead  
Clouds the size of oceans  
Inside and above our heads

# The Men

We are the men  
Silent and cold  
Beautiful eyes  
Sheep among wolves

We are the men  
Silent and strong  
Beautiful eyes  
Sheep among wolves

## Sweet & Salty

Sweet and salty  
Tears of joy  
Liquid lies  
Cheeks on fire  
Loud and noisy  
Girls and boys  
Ancient rites  
Late at night

Counting every second  
We refuse to go  
Counting every second  
We will never die

# Greater Than the Sun

Ladies and gentlemen lights are going out let's step outside and watch the city sleep  
Listen and remember wait another day we are explorers far away from home  
Stay for just a moment watch the natives dance be civilized and kiss the pretty bride  
Brothers and sisters the pain is gone for now let's burn our books and find a little peace  
Sooner or later we walk another day we are colliders everywhere we go  
Stay for just a car-crash know your heart is weak be primitive and wave your love goodbye  
Ladies and gentlemen lights are going out let's step outside and watch the city sleep

Preachers and sinners we are all the same let's save ourselves and drink from deeper wells  
Hatred and compassion wail against the walls we are invaders trying to escape  
Fight for just a lifetime count the moments lost be so alive and cry as time goes by  
Ladies and gentlemen lights are going out let's step outside and watch the city sleep

Greater than the sun  
We are greater than the sun

## 20 Hz

I ride the morning train  
People come and go  
So many different faces  
As the city passes by  
I watch their tired eyes  
Journeys never made  
Broken dreams of leaving  
Fill the streets with dust  
This is our final journey  
It's the end of the line  
Constantly in transit  
We just want to go home

The rain that falls for weeks  
Painting pictures on the streets  
Twisted stars beneath my feet  
I cruise the crowd

I could be one of them  
Going back and forth  
Between familiar places  
As my blood turns cold  
I watch with gypsy eyes  
Secrets never told  
Stolen years of yearning  
Turn their tears to dust  
This is our final journey  
It's the end of the line  
Constantly in transit  
We just want to go home

# Spindrift

I don't know how I ended up here  
On this frozen nameless shore  
I remember nothing of the journey  
And there is no one else around  
I go down across the towering dunes  
To watch the seagulls glide above  
So graceful when they are silent  
Like lonely white ghosts in the air

I notice they are all unique  
With faces that are all their own  
Born to kiss the turbulent sky  
Before they collapse and die

As I look and dream myself away  
A sound grows loud enough to hear  
Like disembodied friendly voices  
Carried on by southbound winds  
I wake up to the sound of silence  
Their words are faint and far away  
Like the finest spray of water  
They still speak of things I know  
I turn to fix my eyes on the horizon  
And I face the freezing gale  
I observe the majestic white waves  
As they rise and break and fall

While they rise into the wild wind  
It picks them up before it strikes  
Steals away their urgent faces  
Lifts their spirits to the skies  
And their language's soft and broken  
But still I understand it well  
We talk about the ones we care for  
And of all the things we lost

# The World Is Growing Loud

The world is growing loud  
It's time for us to fade  
To grey  
I wish they'll let us stay

The lights are going out  
We knew we had to go  
One day  
I wish they'll take us in

The skies are falling down  
Too late for us to change  
Our minds  
I wish they'll keep us safe

The times are changing fast  
We knew we wouldn't last  
This long  
I hope they'll keep the pace

The world is growing loud  
It's time for us to fade  
Away  
I wish they'll let us stay
