## Last Entry

This may be the last entry  
To the log of the spaceship Eternalizer  
Mankind's hope that has been imposed on me  
Can't be fulfilled on this mission  
I don't know how many days have past  
Since we left earth for the purpose  
Of finding a new home for what is left  
Of our once great civilization  
Now, that contact to earth has broken off  
All that remains to me is the inheritance  
Of the virtues and the values of mankind...

## No Transmission

You're losing your strength  
As you look at the stars  
They're shining brighter than this

You're in touch with the sun  
And God has become  
Really meaningless

No transmission lights up your face  
No ignition; you're caught in the upper rooms  
And you're receiving only silence  
There's no signal that ever reaches you

You're holding your breath  
As you come closer to Mars  
And your lips are starting to pray

You are trying to get  
Into contact with Earth  
But you are too far away

No transmission lights up your face  
No ignition; you're caught in the upper rooms  
And you're receiving only silence  
There's no signal that ever reaches you

## Like a Crowd

Give me just a look and I'm feeling down  
You talk of real but there's nothing you care of  
You want emotions just to cut them down  
Your sweetest temptation turned to endless frustration

There is a voice inside my head  
It tells me you will come back  
And if you ever will return  
Then I will make you learn

Destructive like a crowd  
She's moving in  
I don't know why she shot me  
I don't know why it had to end

Why was I so blind to get into this?  
As love you caressed me but as poison you kissed me  
You took my heart and drained the feelings out  
Then placed it inside me to easy seduce me

Destructive like a crowd  
She's moving in  
I don't know why she shot me  
I don't know why it had to end

Destructive like a crowd  
She's moving in  
I don't know why she shot me  
I don't know why it had to end

## Punishment (extended version)

Punishment is the word  
That breaks the heart of the little girls  
Tied up with these strings  
No more time for innocent dreams

Where are you, my little darling?  
Come to me; I treat you right  
Show me how this game is starting  
And I tell you what it is like

Now close your eyes and lose your distance  
Feel the end is coming near  
Satisfying my existence with your blood all over me

And breathe; and breathe  
Until you start to squeeze them

Punishment is the word  
That breaks the heart of the little girls  
Tied up with these strings  
No more time for innocent dreams

## My Belief

An angel came from high above the sky of my belief  
Down to the earth he took my hope, my heart, and my relief  
I saw the angel and he told me the story of my life  
He said: when you are 55 then you are gonna die

I thought by myself what he's talking can't be with heaven's seal  
And so I placed my sword at his neck and told him soon to leave

But the angel he started laughing, and day turned into night  
And as I raised my head again, the devil stood aside

And then I died

## Die Liebe

Wenn die Worte, die mich führen  
Sich ins Gegenteil verkehren  
Und die Macht, die mich erfüllt  
In sich zusammen fällt  
Wenn die Hand, die mich geleitet  
Stetig sich von mir entfernt  
Denke ich an bessere Zeiten  
Denn eines habe ich gelernt

Die Liebe ist ein Spiel  
Sie lässt Dich los und fängt Dich ein  
Sie wird Dein Herz verführen  
Dann geht sie fort und das Spiel beginnt von vorn

## Help Me

Help me, help me  
Help me, help me

There is a feeling that I can't describe  
Where are you from and why have you come to me  
Inside I feel so alive  
I have never felt so good before  
I want to touch your skin  
Want to feel it begin  
Want to know who you are  
And feel it again  
Let there be nobody instead of me  
Leave no love to the world  
And come to me

I want to hear you say  
That you feel the same way  
I want to be with you  
Till the end of our days  
Let there be nobody instead of me  
Leave no love to the world  
And come to me

Help me, help me  
Show me the way inside your heart  
Help me, help me  
Don't ever let them tear you and me apart  
Help me, help me  
Give me the strength to carry on  
Help me, help me  
Don't ever let me down

## Mein Stern

Die Dunkelheit sie stimmt mich ein  
Die Sternenpracht hält mich gefangen  
Führt mich auf Pfade der Einsamkeit  
Und weckt den Wunsch in mir  
Ich will die Welt von oben sehen  
Will über allen Dingen stehen  
Und fernab von bekannten Orten  
Finde ich zu Dir

Ich stand in Tälern voll Traurigkeit  
Den Berg des Glücks hab ich erklommen  
Ich schöpfte Kraft aus der Geborgenheit  
Und doch steckt der Wunsch in mir  
Ich will die Welt von oben sehen  
Will über allen Dingen stehen  
Und fernab von bekannten Orten  
Finde ich zu Dir

Du führst mich Heim

Du bist das Licht, das die Dunkelheit durchbricht  
Du bist der Stern, der mir Ewigkeit verspricht  
Du hältst mich fest, wenn meine Welten untergehen  
Und lässt mich auf die Sonne sehen

# Whispering Winds

Can you feel your heart inside?  
Stand beneath the open skies

You close the door  
And remain in the still  
Why must life be ended?

Why must someone you love  
Turn away from your heart  
And leave you with your fears?

But there is a trace  
That will lead to a place  
Where you will understand it

You have to open your eyes  
And you must realize  
That's it's you who is still here  
And always will be

Can you feel your heart inside?  
Hear him say there's no need to cry  
Stand beneath the open skies  
Whispering winds will tell you why  
Please believe that time will take your pain  
And soon you'll laugh again  
Promise me to never ever give up

You have so much to say  
But you know it's too late  
And sometimes it's revealing

Why does it take us so long  
To comprehend something's wrong  
Until everything is lost

But there is a trace  
That will lead to a place  
Where you will understand it

You have to open your eyes  
And you must realize  
That's it's you who is still here  
And always will be

## Light Dissolves (and We Close Our Eyes)

I feel you're near  
You are around me  
I am secure because you found me  
There is a tension  
That fills the air  
Every time when you are there

I look to you  
Yes we're making this step  
You feel exactly as I do  
In certain we're tied  
There will be no regrets  
Between me and you

Light dissolves and we close our eyes  
Wish to start from a bottom line  
Light dissolves and we release our instincts  
Close to you I got the taste of your skin  
Light dissolves and we close our eyes  
Wish to start up from a bottom line  
Light dissolves and we release our instincts and dream

I feel you're near  
You are around me  
I am secure because you found me  
There is a tension  
That fills the air  
Every time when you are there

I take you in  
And we're close to the sin  
You know I'd never deny you  
There is so much at stake  
But it won't be a mistake  
Because our love is true

We float in flames  
When you put out the light  
A silent breeze rushes over my body

Light dissolves and we close our eyes  
Wish to start from a bottom line  
Light dissolves and we release our instincts  
Close to you I got the taste of your skin  
Light dissolves and we close our eyes  
Wish to start up from a bottom line  
Light dissolves and we release our instincts and dream

## Puls des Lebens (IQ mix)

Wartend schauen wir gebannt  
Stetig auf den Puls des Lebens  
Innerlich schon ausgebrannt  
Haben wir nichts mehr zu geben  
Wer bist Du und wer bin ich  
Fragen, die jetzt nicht mehr zählen  
Fürchten wir im Angesicht der Ewigkeit  
Dass wir zu Grunde gehen

Untergang  
Fühlst Du, dass es geschieht  
Dass diese Nacht vergeht  
Es ist die Zeit, die uns die Worte stiehlt  
Untergang  
Fühlst Du, dass es geschieht  
Wenn diese Nacht vergeht  
Werden wir sterben und die Zeit wird weiter gehen

Wartend schauen wir gebannt  
Stetig auf den Puls des Lebens  
Halten unseren Atem an  
Doch die Welt bleibt in Bewegung  
Wir haben dieses weisse Licht  
Schon tausend mal zuvor gesehen  
Und doch fürchten wir im Angesicht der Ewigkeit  
Dass wir zu Grunde gehen

Untergang  
Fühlst Du, dass es geschieht  
Dass diese Nacht vergeht  
Es ist die Zeit, die uns die Worte stiehlt  
Untergang  
Fühlst Du, dass es geschieht  
Wenn diese Nacht vergeht  
Werden wir sterben und die Zeit wird weiter gehen
