## Age After Age

Hold fast to your dreams  
Soon they will die  
Life is a broken a broken-winged bird  
Who always will try but never will fly  
Who never will fly  
And never get heard

Hold fast to your dreams  
For when dreams will go  
Life is a barren field frozen with snow  
Which never will feed any kind of hope  
Any kind of hope  
No place to lie low

Hold fast to your dreams  
They wont come true  
And if you think your life is under control  
And you don't know how high to rise  
How high to rise  
Until you fall

Hold fast to your dreams  
As strong as you can  
Reality fights against you every day  
Trying to break your hope apart  
Your hope apart  
And leave you astray

Life after life  
And age after age  
Timorous soul  
Wide awake

Life after life  
And age after age  
Sun beaten path  
Which way to take

Life after life  
And age after age  
When do we start to believe

Life after life  
And age after age  
Name fame or love  
What to achieve

## Foolish Dreams

Now did you know that I'm a scientist of life  
And did you know that my pathetic mind runs wild  
Oh tell me did you know?  
If only you dreamed of me like I dream of you  
If only you could feel of what my heart goes through  
If only you could see

Foolish dreams to face, reality's like a gift of grace  
No casualty, seek what's hard to find  
Until you slip into my world

I crossed the deepest seas to reach the guarded shore  
And cherish all of what is worth to be adored  
I'd cross the deepest seas  
It's like a vision of the perfect symmetry  
All you need to do is take part in this play  
The perfect rendezvous

## Crazy

Make me crazy  
Electricity shocks pound under my skin  
Let me be your burden of sin  
Until you finally crucify me

Your body is my wonderland  
Let me guide you with my hand  
Our attraction irresistible  
Our borders will become invisible

Melting minds at boiling point  
Displosions form a stronger joint  
An everlasting sensitivity  
Through your bonds I reach infinity

Prends moi - ce soir - l'amour - toujours - ton corps - ta voix - la loi - c'est moi

Because you make me crazy  
Electricity shocks pound under my skin  
Let me be your burden of sin  
Until you finally crucify me

Dancing into ecstasy  
Every touch from you is killing me  
I'm going crazy in this torture game  
Twist my brain until I scream your name

## Rain

Tired eyes  
Sleeping in her web of lies  
Falling in the darkest skies  
She's falling in the darkest skies

Weeping mind  
Deepest thoughts of a dreadful kind  
A grievous notion to unwind  
A grievous notion to unwind

The rain she says is sure to come  
To guide me to my heart and home  
And if I was alive again  
I'd kiss the teardrops of the rain  
I'd breath in pureness of a life  
I've never dared to live and shine  
So please rain come and set me free  
And wash the past away from me

Special need  
Demons in her head to feed  
No more strength for dignity  
No more strength for dignity

Darkness falls  
Creeping up her inner walls  
The sweetness of surrender calls  
The sweetness of surrender calls

The rain she says is sure to come  
To guide me to my heart and home  
And if I was alive again  
I'd kiss the teardrops of the rain  
I'd breath in pureness of a life  
I've never dared to live and shine  
So please rain come and set me free  
And wash the past away from me...

## Faith Over Your Fear

I have been trying to get out of here  
Away from evil hate and endless fear  
Settle down take a feverish breath  
To be free away from inevitable death

Why do we live our failure to thrive  
On singularity of humanity  
Tireless fight to feel alive  
In a war that leads us to insanity

Beyond this place full of doubts and tears  
It looms ahead the horror of the shade,  
Even though the menace of the years  
It will search and shall find me unafraid

I hold you my dear  
Nothing to fear  
Salvation near  
Faith over your fear

To see beyond  
A solid bond  
I hold you my dear  
Nothing to fear

Salvation near  
Another final frontier  
To see and grief  
What lies beneath

## Living on Video

The window is open, so's that door  
I didn't know they did that anymore  
Who knew we owned eight thousand salad plates?

For years I've roamed these empty halls  
Why have a ballroom with no balls?  
Finally they're opening up the gates

There'll be actual real live people  
It'll be totally strange  
But wow, am I so ready for this change

'Cause for the first time in forever  
There'll be music, there'll be light  
For the first time in forever  
I'll be dancing through the night

Don't know if I'm elated or gassy  
But I'm somewhere in that zone  
Cause for the first time in forever  
I won't be alone

I can't wait to meet everyone! (gasp)  
What if I meet... the one?

Tonight imagine me gown and all  
Fetchingly draped against the wall  
The picture of sophisticated grace  
Ooh! I suddenly see him standing there  
A beautiful stranger, tall and fair  
I wanna stuff some chocolate in my face

But then we laugh and talk all evening,  
Which is totally bizarre  
Nothing like the life I've had so far

For the first time in forever  
There'll be magic, there'll be fun  
For the first time in forever  
I could be noticed by someone

And I know it is totally crazy  
To dream I'd find romance  
But for the first time in forever  
At least I've got a chance

Don't let them in, don't let them see  
Be the good girl you always have to be  
Conceal, don't feel, put on a show  
Make one wrong move and everyone will know

But it's only for today  
It's only for today

It's agony to wait  
It's agony to wait

Tell the guards to open up the gates  
The gates

Anna

For the first time in forever

Don't let them in, don't let them see

I'm getting what I'm dreaming of

Be the good girl you always have to be

A chance to change my lonely world

Conceal

A chance to find true love

Conceal, don't feel, don't let them know

I know it all ends tomorrow,

So it has to be today

'Cause for the first time in forever

For the first time in forever

Nothing's in my way!

## Haunting Memories

Dim the light  
Heart racing  
Up all night  
Isolation is wonderful  
Last journey  
Gambling for which way to go

Dead silence  
Zero-g  
Up all night  
Isolation is wonderful  
Last journey  
Gambling for which way to go

I could run away  
Haunting memories

Shadows follow me  
Haunting memories

I could run away  
I could run away

# Over and Out

## Saving This Moment

I live I die I burn I drown  
Upon this ground  
Upon this ground  
There is silence where no sound should be  
Where cloudy shadows wander free  
Upon this ground  
Upon this ground

Our endless fight remains undone  
The time shall come  
The time shall come  
To tilt the weapons in retreat  
To lift the curtain of defeat  
The time shall come  
The time shall come

The great reward the final stand  
Bound in my hands  
Bound in my hands  
No limitation time to run  
In inspiration we are one  
Bound in my hands  
Bound in my hands

Passion's the path that brought me here  
Devotion was concealed  
Open your eyes behold this life  
See the truth revealed

All of the answers I can give  
Are phrases you already know  
Words of the purest kind  
A true rewind  
Saving this moment for me

# Crash

## Stare at the Moon

Don't be afraid to shine  
Through others life  
No hesitate to start  
A friendly strife  
Waiting for miracles  
Sure wont seal the fate

Change how you look at things  
And things you look at change

Don't be afraid to search  
For different ways  
For ways to sign your life  
A hymn of praise  
Luck may not favour you  
But wont let you down

Change how you look at things  
And things you look at change

Keep your eyes wide open  
You'll miss all the stars  
If you stare at the moon  
No grand boulevards  
Escape from your shadows  
You might know where you're going  
But I know where I've been  
You will stay unknowing  
If you stare at the moon

## Herz

Sage mir - wo gehst du hin  
Mein wunderschönes Kind  
An mir vorbei geschwind  
Ganz atemlos lasst mich zurück  
Und raubst mir meinen Sinn  
Du bist die reine Fleischeslust  
Gebe dich der Sünden hin

Hör bitte auf mich anzusehen  
Ich halt das kaum noch aus  
Sonst packe ich dein kleines Herz  
Und reis es einfach raus  
Ich spiel damit solange ich will  
Und dann werf ich es fort  
Ich werf es fort an einen Ort  
Wo es für immer schmort

Mein Herz rast wie verrückt  
Ich bin ja so entzückt  
Von deinem Liebescharme  
Wird mir ums Herz ganz warm  
Mein Herz rast immer schneller  
Immer greller  
Ich glaub ich explodiere  
Mein Liebeselixier
