# Sailor

How could silence  
Last so long  
Hear the lonely voices  
From the distant shore

Drifting in obscurity  
Only moved by the tides  
Out here in the open  
Decomposing myself

Songs of the sailor  
The sky turned paler  
Longing to save me  
Shall carry me away

Songs of the sailor  
Like storms and thunder  
An endless journey  
Shall carry me away

Lighthouse keeper  
Flashing lights  
Shining through the darkness  
Like a holy star

Drowning my illusions  
In a sea full of dreams  
You have a price to pay  
To be a captain for a day

Songs of the sailor  
The sky turned paler  
Longing to save me  
Shall carry me away

Songs of the sailor  
Like storms and thunder  
An endless journey  
Shall carry me away

# Exit

I think of you and I feel weak  
I cannot sleep for fear of dream  
Fly away of bird of love  
The lights go down, the curtains closed

I think of you and I feel weak  
I cannot sleep for fear of dream  
Fly away of bird of love  
The lights go down, the curtains closed

Me alone  
Leave the lights on  
Me alone  
Me alone  
Time to break the wall I've built  
Was afraid of losing you  
But me alone  
I'll let you go  
Me alone  
I'll let you go  
Me alone  
I'll let you go

A past of all trouble  
Staring out at me  
Go ease these illusion  
Which way to go  
A past with no answers  
Bitter tears I've wept  
The cruelty of my youth  
And promises unkept  
The future uncertain  
I sing to thee of life  
My song of delusion  
Which helps me to survive  
A future without you  
Terrifies my soul  
Alone in the darkness  
I live to be alone  
I live to be alone  
I live to be alone  
I live to be alone

Was afraid of losing you  
But me alone  
I'll let you go  
Me alone  
I'll let you go  
Me alone  
I'll let you go

# Westend

Driving through the west-end of town  
While the town descends into an orange sky  
The neon lights enhance my mind

Tonight there is no stopping me  
I'm sure the dress with work just fine  
My network leaves me lonely  
But my aim is defined

When I can't find myself  
When I can't find you near  
I will raid the city  
The enforcer of life  
When I can't find myself  
When I can't find you near  
I will raid the city  
The enforcer of life

Driving through the west-end of town  
While the town descends into an orange sky  
The neon lights enhance my mind

Tonight there is no stopping me  
I'm sure the dress with work just fine  
My network leaves me lonely  
But my aim is defined

Driving through the west-end of town  
While the wind is blowing oh so strong in my face  
The music always loud in my face

Tonight there is no stopping me  
I'm sure the dress with work just fine  
Distraction of the chaos  
And some piece of mind

When I can't find myself  
When I can't find you near  
I will raid the city  
The enforcer of life  
When I can't find myself  
When I can't find you near  
I will raid the city

# Another Girl

I woke up one morning  
In a strangers house  
On a cold tile floor  
Saw this girl beside me  
With big wide eyes  
Tall, slender, beautiful

I wasted my days  
A slave to my own ways  
Decisions and regret  
A sacred lust I praise

Resting on her lips  
Of pale soft skin  
Whispering, breathing, restlessly  
Another drug  
Another girl  
Savoring the moment  
Savoring the moment

I try to make it better  
With the truth I held so close  
And the lies made up a part of me  
To the ones I love the most

I've played this part for way too long  
Now the center stage is clear  
So grab my wrist and hold it tight  
I'm going home tonight

I wasted my days  
A slave to my own ways  
Decisions and regret  
A sacred lust I praise

Keep pushing  
The limit  
Another dirt-bag night  
No feelings  
No meaning  
I'm going home tonight

I try to make it better  
With the truth I held so close  
And the lies made up a part of me  
To the ones I love the most

I've played this part for way too long  
Now the center stage is clear  
So grab my wrist and hold it tight  
I'm going home tonight

# Rivers

Keep on keeping on. Life's a garden, you dig it? You make it work for you. You never give up, man. That's my philosophy

I happen to believe in a life after this one. Where no one will have to answer for what I've done. And I think I can

Down the rivers  
Will flow alone  
Down the rivers  
Will guide me home  
Down the rivers  
Flow alone  
Down the rivers  
Will guide me home

Day by day and night by night  
I peruse my dreams  
Always wanting everything  
Living in extremes

Down the rivers  
Will flow alone  
Down the rivers  
Will guide me home  
Down the rivers  
Flow alone  
Down the rivers  
Will guide me home

Never enough  
I surrender  
Life will never let me down  
Never enough  
I surrender  
Finding strength in my defeat  
Never enough  
I surrender  
Life will never let me down  
Never enough  
I surrender  
When my heart will stop to beat

I happen to believe in a life after this one. Where no one will have to answer for what I've done. And I think I can

Down the rivers

Down the rivers

# Chameleon Love

? You ever have that feeling where you're not sure if you're awake, or still dreaming?

All the time. It's called mescaline. It's the only way to fly

Chameleon love  
Lust like ice  
Sent ahead to destroy  
Black sentinels inside  
Draconian breath  
Come play with me  
Operate me operator  
Fairytale like slumber  
Make me lose myself

Awake at three  
No will lost sleep  
The high gets low  
Dancing naked through the night  
Pursuing for  
Chameleon love  
Chameleon love

Me and you  
Our lives a thrill  
We'll do it fast  
A universal endless love  
The wonder of  
Chameleon love  
Chameleon love

Chameleon love  
A raging thrill  
You're my new addiction  
Leave me off my vein  
Can't live without  
The addiction found  
I'm not a conscious lie  
For you I try to die  
Make me lose myself

Awake at three  
No will lost sleep  
The high gets low  
Dancing naked through the night  
Pursuing for

# Badlands

As an old man  
I went back  
To my beloved homeland  
One last time

I found devastated badlands  
I only found some badlands  
Engulfed in flame  
Engulfed in flame

Repatriate  
Full of hope  
Where I belong to  
One last time  
But I found devastated badlands  
I only found some badlands  
Engulfed in flame  
Engulfed in flame

Patience dear pain  
You'll win again  
So many years  
Longing for home  
Longing for home

Patience dear pain  
You'll win again  
So many years  
Longing for home  
Longing for home

Patience dear pain  
You'll win again  
Been waiting for so long now  
Waiting for so long now  
Longing for home  
Craving for home

Deliverance  
Of my soul  
So it can wander freely  
One last time  
And fly over the badlands  
And live behind the badlands  
Condemned to hope  
Condemned to hope  
Condemned to hope

# Safe.Dead.Harm.

A rose on my grave  
My life as a slave  
The wind blowing gales  
I'm lost in your tales

Will the sun cease to shine  
Will the planets decline  
Will our wills be combined  
Leave our solitude behind

United we stand  
And we fight to the end  
In a world of command  
Until we're dead but safe from harm

Safe. Dead. Harm

We run with the winds  
Ignore all our sins  
Holy seems we can't be  
In this fight to be free

Will the sun cease to shine  
Will the planets decline  
Will our wills be combined  
Leave our solitude behind

United we stand  
And we fight to the end  
In a world of command  
Until we're dead but safe from harm

A meaningful life  
A dream to believe  
The strength to go on  
With no words to retrieve  
What can we achieve  
If we can't trust ourselves  
A kingdom in dust  
Is what we will leave behind

Disassemble the machine  
Deconstruct what lies within  
Little pieces without sense  
All that we can do is act in self defense

A meaningful life  
A dream to believe  
The strength to go on  
With no words to retrieve  
What can we achieve  
If we can't trust ourselves  
A kingdom in dust  
Is what we will leave behind

Bleeding underwater love  
Glacier melt down, plastic walls  
Outer worlds too far away  
All that we can do is blame it on ourselves

A meaningful life  
A dream to believe  
The strength to go on  
With no words to retrieve  
What can we achieve

## Almond Flowers 20/20

I lost myself while lost in me,  
I'm lost and as I long to be,  
Lost as a candle in the day,  
Lost as a snowflake in the sea

Don't love me but I try to find,  
A spirit beautiful and bright,  
Yet I am I who long to be,  
Lost as a light is lost in light

Turn from me now but try to hear,  
The muted laughter in the dew,  
Of that one year of youth I had,  
The only youth I ever knew

I lost myself while lost in me,  
I'm lost and as I long to be,  
Lost as a candle in the day,  
Lost as a snowflake in the sea

Tonight the sky is bright with stars,  
A hollow rumble from the sea,  
An endless sea of almond flowers,  
The wind is shaking them for me,  
The shadows dancing on the ceiling,  
So black and round obsessing me,  
A perfect night to leave in silence,  
If you were here you would agree
