# Song of the Winds

Destruction in the north  
Exploitation in the south  
Chaos in the east  
Greed in the west

Where should we let our children dance?  
Let them play let them fool around  
Let them explore their borders  
Let them free, let them free  
My loved ones fly now

Be a thunderstorm in the north  
Be a hurricane in the south  
Be a typhoon in the east  
Be a tornado in the west

Born out of my breath  
Grown up to a gust  
You've seen the world  
You've seen the seas  
You've built up waves  
You've roamed the woods  
You've played with leaves

Where should we let our children dance?  
Let them play let them fool around  
Summon your strength  
And now fulfill your task  
My little cherubim

# Pan

(Who are you? You're my friends?)

Hey, human child  
Take a little time for me  
I want to show you something  
Don't be afraid  
Open the gate

(We understand each other better - now)

Take a look into my world  
Take a look inside  
Take a look into my world  
My world is green, blue, red and white

Breathe the sweet air  
Smell perfume  
(Who are you? Who are you)  
Look at the fairies  
Don't close your eyes  
Enjoy the peace  
(You're my friend?)  
Enjoy the peace

(Who are you? Who are you)

(We understand each other better - now)  
They're chasing away my chosen ones  
With poison from their fields

There are places in my empire  
(Who are you?)  
Black, grey, foggy, foul  
Which I call hell  
And you call home

Hear the machines  
They're moving faster  
Even here you can feel the tremor

(Who are you? Who are you?)

My world is dying  
My world is dying  
(You're my friend?)  
My world is dying...

(We understand each other better - now)

# Entity

Here I come to increase my power  
Here I come to increase my control

Here I come to increase my power  
Here I come to increase my control

I make you think  
There's a devil  
But it's in you  
It is your malice

I make you think  
There is a devil  
But it's in you  
It is your malice

I love your hate  
Your hate makes me grow  
I'm your tool  
And you're my toy

I love your hate  
Your hate makes me grow  
I'm your tool  
And you're a fool

I love your hate  
Your hate makes me grow  
I'm your tool  
And you're my toy

I love your hate  
Your hate makes me grow  
I'm your tool  
And you're my fool

You conjure me  
You think you rule over me  
Well that's my intention  
You can't escape the invisible  
The invisible  
You can't escape the invisible

You call me demon  
But I'm an angel

You call me demon  
I'm an angel

You call me demon  
I'm an angel

You call me demon  
I'm an angel

Give me your blood  
I'm your servant

Give me your blood  
I'm your servant

Give me your blood  
I'm your servant

Give me your blood

I'm your servant

You call me demon  
I'm an angel

You call me demon  
I'm an angel

You call me demon  
I'm an angel

You call me demon  
I'm an angel

I love your hate  
Your hate makes me grow  
I'm your tool  
And you're my toy

I love your hate  
Your hate makes me grow  
I'm your tool  
And you're a fool

I love your hate  
Your hate makes me grow  
I'm your tool  
And you're my toy

I love your hate  
Your hate makes me grow  
I'm your tool  
And you're a fool

While you're enjoying the might  
The bonds are gettin' tighter  
In coming lives you'll pay the price  
You'll pay the price

I love your hate  
Your hate makes me grow  
I'm your tool  
And you're my toy

I love your hate  
Your hate makes me grow  
I'm your tool  
And you're a fool

I love your hate  
Your hate makes me grow  
I'm your tool  
And you're a fool

I love your hate  
Your hate makes me grow  
I'm your tool  
And you're a fool

You're a fool!  
You're a fool

Here I come  
Here I come  
Here I come  
Here I come

You call me

Here I come  
I'm an angel  
I love your hate  
Love your hate

# Ocean of Whispers

Can you hear us?  
Listen

Vergiss uns nicht

# The Refuge

Burned villages  
Children cry  
Burned fields  
Mothers die  
Smeared faces crying  
Thousands fell on battlefields  
Standing by my horse  
The battered armor burts

Laying on a clearing  
Staring at the clouds  
Feeling down, down, down, down  
Thoughts getting clearer  
Looking around  
Seeing tears in my eyes  
Glaring colours  
Everything shining from inside

They lead me  
Back to harmony

Leaving my sorrow back in my body  
Moving towards a tree  
Dazzling, grining figure on a branch  
Dangling with its legs  
Curious light shapes teasing me  
Giggling around, giggling around

The grining figure tucking at my hand  
Pulling me through the wood  
Towards a city of light  
Fairies and other beeings  
Rushing to me  
Filling my heart with love and harmony

Noticing a silver thread still leading  
Back to the sorrow  
The growing desire to stay  
Lets the thread get thinner

# The Abeyance

I'm laying in my body  
Like a dead man in a grave  
Can only move my eyes  
Can't speak, can't walk  
Can't touch, can't feel

Every time I awake  
The nightmare is the same  
I wanna get back to flee this body  
When I'm here I'm free

Who's dreaming?  
(Oooooohooooohoooh...)  
Who's fucking dreaming?

I'm rotting in this bed  
The nurse is changing dropping bottles  
Every second hour  
I'm trying to stay awake  
Not to fall back into that  
Paralyzed dream body

Every time I awake  
The nightmare is the same  
I wanna get back to flee this body  
When I'm here I'm free

I can't prevent the nurse  
From fetching me back  
Asking myself why the nurse  
Keeps on telling me to sleep  
While I'm dreaming

If I look into a mirror  
I see me looking into a mirror  
Seeing me, seeing me, seeing me

Every time I awake  
The nightmare is the same  
I wanna get back to flee this body  
When I'm here I'm free

Who's dreaming?

# Hell

Help me  
Eternity  
Wandering about  
Endless  
Where is the light?  
Soulcage

Help me  
No way out  
This is hell

I didn't want to be here  
I'm still alive alive  
Get your hands off my possession  
I want my money back

Rotating infinity  
Eternal alteration

# Souls

The sun rises every morning  
But why are we so sure?  
I'm looking out of the window  
Empires arise and fall

(We've been...)

We've been so long together  
Forgotten hopes and pleasure  
But when the time is right  
We'll open our hearts  
And disclose the treasure

So there are you  
And here am I  
Let's realize our dream  
The time is right  
Try to read between the lines

We've been running  
Over battlefields  
From century to century to century  
Nothing wrong nothing right  
There was no day  
There was no night

We took every painful step  
Life for life and side by side

But finally look around  
Some are lost and some are found  
Lass die Erinnerung erwachen  
I love you, I love you

So here are you  
And here am I  
Let's realize our dream

So here are you  
And here am I  
I'm still waiting for you

# A Few Years Later
