Carnival

Carnival, carnival

A wasted earth
Yellow sand - no chance to live
Hopes have vanished
The drought makes me dream

The carnival is in our town
Hopeful eyes
Children laugh
Vanished expectations

Carnival!
It's simply uncontrollable
Moving on through the sand
Carnival
It's really unstoppable
Destructive tracks in the land

The gift of explosions
The happiness of death
Merciless it takes its way
The big machine

There it comes
Massive like a mountain
The music invites us
To join the parade

Realm Center

I can't feel what you feel
I can't see what you see
I don't realize who you are
I don't realize what I'm supposed to be
What I'm supposed to be

I'm just a machinehead
Without a soul
Absolute mindcontrol
Over you

I can't act like you do
I can't think like you do
I don't realize what I see
I don't realize what I'm supposed to be
What I'm supposed to be

Hunted

I have to run
They follow me
Inside and outside
Of their realm
They are on the hunt
No place to hide
I am the victim
Total loss of pride

Some believe in magic
Some believe in stones
Some believe in god
Some believe in loans
I believe in me
And I believe in you
I'm on the run
There is nothing left to do

Trust means nothing here
I have to run
Justice means nothing here
I have to run
Wishes mean nothing here
I have to run
Freedom means nothing

I'm on the run
There is no place for me
I am the victim
There is no charity
All because of you
Do you understand?
Thanks for my present
You've had it in your hand

Resist

You controlled me
Long enough
Your sick instructions
Ruined enough
Computed dreams
Are not what I want
We will end it
Here and now somehow

All your wires
In the heads
You are a leader
But you are dead
In your cold brain
You create the dread
With your cold brain
You make us mad

Cold strong visions
Get out of my head
Join the transition
Get out of my head

Humans against a machine
Minds against electricity
Hope against might
Blood against steel

The sleeper awakes
So be aware
The tension is high
Everywhere

Rescue

I'll break out
I can't breathe here

I'll break out
Rescue me

I can't breathe here
Rescue me

I'll break out
Break out of this cage
I can't breathe here
I need more space
I'll break out
With maximum speed
No matter how
I'll escape the stampede

Rescue me
Rescue me
Rescue me

I'll break out
Break out of this cage
I can't breathe here
I need more space
I'll break out
With maximum speed
No matter how
I'll escape the stampede

Rescue me
Rescue me
Rescue me from agony
Rescue me from agony

I'll break out
I'll break out

Karma Monster

Claws of pain
And parched rivers
Minds like wax
The foundation quivers

Fragments of being
The monster is breathing
It has time
Slow and calm
All the time it wants

Karma monster
Is waiting in the dark
Malfunction
It guards you like a shark

It's made for eternity
It is reliable
It doesn't matter
That there is no control

Movements in slowmotion
Loneliness is ruling
The order is
Codename live command

Our Destiny

Since you've gone
I lost my hope
I miss you
Without you
Existence is
Pointless here
Weird plans of a
Omnipresent machine
The sky is black
In that sphere

In the hall of souls
That's where I am
They tell me the way
I'll follow you

Born into darkness
Born into senselessness
Born into chaos
But I'll find you

I'll find you Ich werde dich finden

Eon

Deine Liebe gibt mir die Kraft
Deine Göttlichkeit macht mich schwach
Wie ein Engel im weißen Licht
Nur durch dich verliere ich mich

Deine Liebe ist wie Magie
Voller Stolz und Harmonie
Ohne sie verdurste ich
Ich will verbrennen in deinem Licht

Unsere Liebe besiegt die Zeit
Geschaffen für die Ewigkeit
Ohne dich bin ich kalt wie Stein
Wir werden für immer zusammen sein

Für den Neubeginn gabst du die Macht
Wie ein Regenbogen in der Nacht
Ihre Trauer erreicht uns nicht
Deine Liebe erleuchtet mich

Orange Moon

When I faced my ideas
I've been shocked about the side effect
When you heard what I planned to do
You wanted to hold me back

It seemed the only way to me
It seemed the only way

It is the only way for me
It is the only way

I don't want to act like they say
Like they say
I don't want to follow their rules
Their rules

I don't want to act like they say
Like they say
I don't want to follow their rules
Their rules

When I move into the center
I come to you
I come to you

The aim inside my heart
I am on a mission
I am on my mission

The orange moon
Smiles at me
Smiles at me

It seemed the only way to me
It is the only way

I don't want to act like they say
Like they say
I don't want to follow their rules
Their rules

I don't want to act like they say
Like they say
I don't want to follow their rules
Their rules

The Dreamer

Steel is circulating
The air is cold
Mirrors reflecting
The sky
Skyscrapers
Cover the sun
A huge machinery
Slowly rotates
I close my eyes
My thoughts become wings

I fly high in the sky
You are already waiting
We kiss us in the clouds
The future is rotating

The cold bites
All of us in uniforms
Like robots
Movements equated

Here is mind control
You're violating virtual morality
Corporal punishment
Sets in now

The pain pulsates
My thoughts become wings

Wish

Transformation
Unable to sleep
Burning tears
The pain goes too deep

Every night
A pulsating stream
Tested motions
Electric beam

Give me love
Give me pain

Recreation
Endless solitude
Transformation
Emotion interlude

Shiny wires
Implanted veins
I desire
Memory remains

Wrong conclusions
I go insane
Controlled illusions
Remain the same

I Live Your Dream

I won the fight
It seemed like eternity
But finally it stopped
I am standing in ruins
After all
I don't give in
There is no time
To see the victory

I lose but win
Here in my realm
Like heroes in films
I live your dream

Future was mine
You built it up
But you didn't care
So I pay the results
But after all
Grief is on my side
I've had to live
Your future plans

Steelrose

Steelrose
Without sense
Glowing in red
Scorching my hands

Steelrose
Restricted rights
Scorched soul
My heart ignites

Too much pain
Too much utilize
Too much time
Too much sacrifice

Steelrose - vanity overdose

Don't you understand?
I gave my heart in your hand

Steelrose
Thorns like razorblades
Cut me deep, deep, deep
My blood shall be the water
Which annihilates the flame

Steelrose
Blood smeared hands
Red becomes black
Steelrose
I will be the ice
Which crushes your might
