## ...Can Manage...

I lie beside you  
It's a love to celebrate  
Coming nearer... stay away  
You'll need my fist to understand  
The wall between us makes me blind  
Makes me blind

I want to keep your...  
Your image in my brain  
Tears stay nice to dry by me  
You know I like it if you cry  
It's hard to hide my secrets from you  
Hard to hide

It's you I want to keep  
That's why I love you  
It's you I want to keep  
That's why I love you  
That's why I love you

Je vous adore, mon ami  
Souverain de torture  
Souverain de vice  
Ta main qui ne cherche que mon bonheur

Les cicatrices sur ma peau  
M'en souvient que tu m'aimes...  
Que m'aimes-tu!

Jamais je ne démasquerai notre mystère  
Je le garderai pour toujours  
N'ai pas peur... je crirai

I want you shy  
I want you hurl curing  
Under darkest bedroom skies  
Control our want... it's pain I give  
Guess beeing souls are floating in my ear  
In my ear

I chose your fear  
I chose your ability  
Oh, I need your rear company  
Your velvet scratched under me  
What shall I do with your tenderness, my dear?

It's you I want to keep  
That's why I love you  
It's you I want to keep  
That's why I love you  
It's you I want to keep  
That's why I love you

It's you... I want to keep  
It's you... that's why I love you  
What shall I do with your tenderness, my dear?

## Following You

You're walking through the night  
Still can't near in light  
And I'm following behind

You're playing games of sin  
None that fools can win  
And I'm following behind

Following you...  
Following you...  
Following you...

Do lovers understand your ply?  
You command and they'll obey  
And I'm watching from behind

One step forward, two steps back  
I'm still following your track  
And I'm watching from behind

Following you...  
Following you...  
Following you...

Waiting here beside you  
Waiting for your call  
Watching liars passing by  
Uh, I hate them all  
Don't you realize  
That I'm the only one  
Who's good for you?

You're so heartlessly sincere  
But I'm still following you endlessly  
I'm following behind

You ain't whore, you ain't nun  
On the hunt and on the run  
And I'm watching from behind

Always cheating, telling lies  
Behind your door I heard you sigh:  
"Oh prudence, come and rescue me!"

"Prudence come and rescue me!"  
Following you...  
"Prudence come and rescue me!"  
Following you...  
"Prudence come and rescue me!"  
Following you...  
"Prudence come and rescue me!"  
Following you...  
"Prudence come and rescue me!"  
Following you...  
"Prudence come and rescue me!"  
Following you...  
"Prudence come and rescue me!"  
Following you...  
"Prudence come and rescue me!"  
Following you...

"Prudence come and rescue me!"

Following you...

"Prudence come and rescue me!"

Following you...

"Prudence come and rescue me!"

Following you...

"Prudence come and rescue me!"

Following you...

## Annie

And you're sitting in your room  
Enjoying entertainment  
And you're watching tv  
Colours bright and so enchanting

You couldn't be near her  
Wouldn't hear what Annie says  
When Annie's sad  
You couldn't be near her  
Wouldn't hear what Annie says

And your waiting for your daily thrill impatiently...  
To collect it for your private horror show  
And you're watching moving shadows live instead of you... and you...  
You don't know that Annie's living next to you

Jesus Christ we love you so  
Since we saw your tv-show  
Suicidal tendencies, but no will to interfere  
Feel it coming over you... indifference... indifference...  
Choosing channels watching news  
Ignoring Annie's point of view

You couldn't be near her  
Wouldn't hear what Annie says  
When Annie's sad  
You couldn't be near her  
Wouldn't hear what Annie says

You couldn't be near her  
Wouldn't hear when annie laughs... when Annie laughs  
You couldn't be hear her  
Wouldn't feel that Annie... Annie... Annie loves

## Leading Men

Talking loud, she's talking clear  
But no one really wants to hear  
No one really wants to know  
And her loneliness still grows  
Was it shame or was it fear  
When his devil's face appeared?

And the wall between them grows  
The wall between them grows  
Tonight, velvet night

He met her on the school yard  
Funny man behind the fence  
Started with a real deception  
He didn't try in vain  
Who has failed this, who once more?  
A tall man offering sweets  
No one wants to think about it  
And evil sows its seeds

He tries to hold her in his arms  
He always tries to keep her warm  
Blue-eyed girl, grown up to fast  
Lost her innocence at last  
Cruel revenge hurt in her heart  
Breaks dependences apart  
And now he's begging on his knees  
Lay your guilty hands on me!

And the wall between them grows  
The wall between them grows  
Tonight, velvet night

I should be so lucky  
But I can't help feeling blue  
I felt no real attention  
Unsatisfied by youth  
You brought up a lonely child  
Without a human shape  
Made the greatest sacrifice  
Realized it much too late  
Too late

## It's Not Too Late

Clumsy, always quivering  
Always searching for your thing  
You don't work, but you cannot find a rest  
'Cause you gave up too soon

Old man sitting in your trap  
Two lovers passing by  
Don't be ashamed, don't be upset,  
Enjoy it, dear... 'cause once you did the same

It's not too late... to charm away your ancient fears  
It's not too late... to be wild for roundabouts... to be  
Wild for life...

Old man lying in your bed  
Your friends are passing by  
It's just a rule, kissing you goodbye,  
Enjoy it, dear... 'cause once you did the same

I came across a few old things  
Remembering the past  
"Spare the rod and spoil the child...  
There's no fool like an old fool!"

It's not too late... to start again  
It's not too late... to charm away your ancient fears  
It's not too late... to be wild for roundabouts... to be  
Wild for life...

# The Sparrows and the Nightingales

How long have you been free  
In this world of hate and greed  
Is it black or is it white  
Let's find another compromise

And our future standing still  
We're dancing in the spotlight  
Where is the leader who leads me  
I'm still waiting  
Leaving home

And God is on your side  
Dividing sparrows from the nightingales  
Watching all the time  
Dividing water from the burning fire, inside

Leave a light on in the night for me  
That I can find you  
Remember when we both were young and reckless and so curious  
Now you're hiding from your child  
A new day's dawning  
Remember that you felt alive sometimes

And God is on your side  
Dividing cruelty from tenderness  
Watching all the time  
Dividing fiction from reality

Move in circles, walk on lines  
No human being in sight  
Calm the winds and calm the seas  
Let's try another kind of peace  
Who fights this holy civil war  
A million men in uniform  
Wo ist der Führer der mich führt  
Ich warte immer noch  
Leaving home

And God is on your side  
Dividing presence from the history  
Watching all the time  
Dividing deaf men from the listening ones

And God is on your side  
Dividing soldiers from the fishermen  
Watching all the time  
Dividing warships from the ferryboats

# Angry Today

You see shocking posters shouting at you  
Somewhere from a subway wall  
Full of promises and glory  
And the cutest headlines that you ever saw  
You have to read and to believe  
That all these things, that they have the worth  
But, if you look a little closer  
You're always aiming to unmask the dirt

Angry today...  
And all alone you're on this planet Earth  
Angry today...  
And you're the only one who understands

You have your own life you can waste  
And lovers you can cheat  
That strange addiction to decay is haunting you  
Haunting you, haunting you

I've... my friend from the... to the government  
Here and there and anywhere  
The human preach is rage  
The standard could advance you  
While standing alone on the other side  
That's why I'm angry today

Angry today...  
And all alone you're on this planet Earth  
Angry today...  
And you're the only one who understands

A politician signs all contracts  
With a light expression on his face  
While all prophets are simply singing  
Lullabies for the human race  
When love is with of us one day  
We will have left at least  
And step-mother industry's whispering softly to me

Angry today...  
And all alone you're on this planet Earth  
Angry today...  
And you're the only one who understands  
Angry today...  
And all alone you're on this planet Earth  
Angry today...  
And you're the only one who understands  
Angry today...  
And all alone you're on this planet Earth  
Angry today...  
And you're the only one who understands  
Angry today...  
And all alone you're on this planet Earth  
Angry today...  
And you're the only one who understands

Angry...

## Kissing the Wall

Ich seh' dich und ich glaube  
'S ist ein Ton... nie gehört!  
Hör' den Schlag meines Herzens  
Kiss the wall... ohne Schmerz

Sieh' diesen Mann... ganz allein  
Will keine Hilfe, weil's ihn schmerzt  
Zeit zu gehen, Zeit zu hungern  
'S ist noch Zeit für'n letztes Wort...

Wie ein Hammerschlag an die Wand gespuckt  
Wie ein Riss in mir  
'S ist wie ganz weit weg  
Wie ein Hammerschlag an die Wand gespuckt  
Wie ein Riss in mir  
'S ist wie ganz weit weg  
Wie ein Hammerschlag an die Wand gespuckt  
Wie ein Riss in mir  
'S ist wie ganz weit weg  
Wie ein Hammerschlag an die Wand gespuckt  
Wie ein Riss in mir  
'S ist wie ganz weit weg  
Wie ein Hammerschlag an die Wand gespuckt  
Wie ein Riss in mir  
'S ist wie ganz weit weg  
Wie ein Hammerschlag an die Wand gespuckt  
Wie ein Riss in mir  
'S ist wie ganz weit weg

Du gehst... du gehst... du gehst... du gehst

## This Time

Walking through winter, through snow-white fields  
Colder than cold... for several weeks  
And the lost fire's burning miles away  
And the wind whispers stories in her ears

And she's asking: "Do you hear these heavenly voices?  
Do you hear the preacher who wants you to pray?"

And this night so much colder than every night  
And she says, she likes winter and winter-trees  
And the sun seems so far away tonight  
In the dark and deep, frozen water the light  
Of the moon under which she dies  
O the moon under which we cry

...death knocking at the door... I must let him in...  
Life like a river flows... outside... stay alive!  
Ten-thousand good reasons to survive...

And she's asking: "Do you hear these heavenly voices?  
Do you hear the preacher who wants you to pray?"

Walking through winter, through snow-white fields  
Colder than cold... for several weeks  
And the lost fire's burning miles away  
And the wind whispers stories in her ears

Stay alive! My dear... I kiss your cold hands...  
First time... please stay alive... I'm loving you... you're  
Loving me... imagine that you were at home...  
This night... please try it!  
Don't leave me alone!

## Anybody's Window

Look through anybody's window  
See everywhere the same  
People suffering from hunger  
A narcotizing pain  
Call it justice call it fair  
I just call it a mistake  
Starving mothers cry for help  
In this state of decay

In this ruthless time  
And they heard their favourite popsongs  
To remind of times of wisdom  
They heard a thousand voices say  
Satisfaction fortune health  
So far away

Look through anybody's window...

Looking people in their eyes  
See the concrete things behind  
See the false tears that they cry  
Feel the sleeping guilt inside  
Pray to heaven pray to hell  
Pray for reason for a way  
Public forces sleeping byI  
No longer dream of paradise

Look through anybody's window...

## Listen!

You are so near to me

Fall carefully!

In love you could be the one

The one for me

It's time to change dust into ivory

It's time to kiss your lips

To ask: "Please, would you marry me?"
