## Elias

Hear my voice  
It's telling stories  
Telling just the truth  
About some men  
Who don't excuse  
Only praying for you

It must be a starving man  
Who likes to hear  
These crippled minds talk  
Greetings from me  
Following the wind

I don't want to forget...  
...to regret  
...to remember all the time  
...everything  
...all these years

Hear my voice  
It's telling stories  
Telling just the truth  
About the innocent Elias  
Lying next to you

Innocent Elias  
Blood red messiahs  
Never coming home  
Greetings from me  
Following the wind

## Lovesong (club mix)

Wait my dear... no jealousies  
Silly thing... you can't know how I feel

Come take my hand I will show you the flame  
Burning secrets, burning wishes... your name

Don't be insecure, don't be afraid... I'll hold you tight  
Oh, virgin weakness, infinite sweetness... that's you so let's dance all alone

I want to kiss you, want to feel you deep  
Your silky skin, a tender touch,  
A sign that promises so much  
I want to kiss you, want to feel you deep  
And so we dance

Nothing ever spoils my joy of loving you,  
Of looking in your eyes... I couldn't be that blind  
That I won't crave for you  
And still we dance all alone

I want to kiss you...

## Now I Fall

Sometimes I can't fall asleep  
You lie beside me and I weep  
Dancing shadows on the wall  
Once you caught me... now I fall

Sometimes I feel love and trust  
Turn to anger and disgust  
Crawling darkness in between  
No light in reach... no silver sheen  
Sometimes I feel so ashamed  
To be mercilessly framed  
Idle hands and eyes that stare  
But no escape that I would dare

...love and trust  
...anger and disgust  
Crawling darkness in between  
No light in reach... no silver sheen  
...so ashamed  
...mercilessly framed  
Idle hands and eyes that stare  
But no escape that I would dare

Pain increasing every day  
No truth left I won't betray  
One day our way leads to an end  
Why do I cry... I understand  
That it's too late for me to go  
I should have left you years ago  
Beyond this point of no return  
Hatred's flame will ever burn

...every day  
...I won't betray  
One day our way leads to an end  
Why do I cry... I understand  
...too late for me to go  
I should have left you years ago  
Beyond this point of no return  
Hatred's flame will ever burn

Dancing shadows on the wall  
Once you caught me... now I fall

Crawling darkness in between  
No light in reach... no silver sheen

## Where Greed Talks

Here's to you... my friend...  
Here's a kind of love for you...  
Can you see my eyes... my view turns away  
Dancing shades on my face... that's  
Where stars cannot shine  
Silence... is coming soon today...

You think you're right  
But it works inside  
It's started long ago  
You're bored by your ruined life  
But you think it must be so...

Why can't you see... these staring sick eyes everywhere  
It's a sin... that's a fact you can't deny...  
Blow away these walls...  
Your life a train just passing by...  
These always watching eyes...  
This killing voice...  
Always talks to me...  
Always spinning around  
Silence... is coming soon today...

## Youth & Greed

She once was 17 but she never fall in love  
Because she never felt the same  
Like the other ones at school  
Like all the other boys and girls around  
She never felt the same

Misery  
Talk to me  
Youth and greed  
Walk with me

Now she's 33 but there isn't anything  
That really changed in her life, not a moment, not a while  
She is married, bore a child  
Growing old, growing older all the time and she cries

A whining sound  
Slips from her mouth  
Trapped in here  
And no way out  
No way out

Misery  
Talk to me  
Misery  
Youth and greed  
Walk with me  
Youth and greed

Wait a while  
Wait a while  
Mommy's pills  
Will bring you to the other side

Wait a while  
Wait a while  
Daddy's razorblades  
Will make you feel so fine

## Anybody's Window (909 remix)

Look through anybody's window  
See everywhere the same  
People suffering from hunger  
A narcotizing pain  
Call it justice call it fair  
I just call it a mistake  
Starving mothers cry for help  
In this state of decay

In this ruthless time  
And they heard their favourite popsongs  
To remind of times of wisdom  
They heard a thousand voices say  
Satisfaction fortune health  
So far away

Look through anybody's window...

Looking people in their eyes  
See the concrete things behind  
See the false tears that they cry  
Feel the sleeping guilt inside  
Pray to heaven pray to hell  
Pray for reason for a way  
Public forces sleeping byI  
No longer dream of paradise

Look through anybody's window...

## It's Not Too Late (Don't Sorrow) (long version)

Clumsy, always quivering  
Always searching for your thing  
You don't work, but you cannot find a rest  
'Cause you gave up too soon

Old man sitting in your trap  
Two lovers passing by  
Don't be ashamed, don't be upset,  
Enjoy it, dear... 'cause once you did the same

It's not too late... to charm away your ancient fears  
It's not too late... to be wild for roundabouts... to be  
Wild for life...

Old man lying in your bed  
Your friends are passing by  
It's just a rule, kissing you goodbye,  
Enjoy it, dear... 'cause once you did the same

I came across a few old things  
Remembering the past  
"Spare the rod and spoil the child...  
There's no fool like an old fool!"

It's not too late... to start again  
It's not too late... to charm away your ancient fears  
It's not too late... to be wild for roundabouts... to be  
Wild for life...

## The Sparrows and the Nightingales (long version)

How long have you been free  
In this world of hate and greed  
Is it black or is it white  
Let's find another compromise

And our future's standing still  
We're dancing in the spotlight  
Where is the leader who leads me  
I'm still waiting...

Leaving home...  
And god is on your side  
Dividing sparrows from the nightingales  
Watching all the time  
Dividing water from the burning fire... inside

Leave a light on in the night for me, that I can find you  
Remember when we both were young and reckless and so curious...

Now you're hiding from your child... a new day's dawning  
Remember that you felt alive, sometimes...

And god is on your side  
Dividing cruelty from tenderness  
Watching all the time  
Dividing fiction from reality

Move in circles walk on lines no human being in sight  
Calm the winds and calm the seas  
Let's try another kind of peace  
Who fights this holy civil war  
A million men in uniform  
Wo ist der Führer der mich führt?  
Ich warte immer noch...!

Leaving home...  
And god is on your side  
Dividing presence from our history  
Watching all the time  
Dividing deaf men from the listening ones

Leave a light on in the night for me, that I can find you  
Remember when we both were young and reckless and so curious...

Now you're hiding from your child... a new day's dawning  
Remember that you felt alive, sometimes...

And god is on your side  
Dividing cruelty from tenderness  
Watching all the time  
Dividing fiction from reality

Move in circles walk on lines no human being in sight  
Calm the winds and calm the seas  
Let's try another kind of peace  
Who fights this holy civil war  
A million men in uniform  
Wo ist der Führer der mich führt?

Ich warte immer noch...!

Leaving home...

And god is on your side

Dividing presence from our history

Watching all the time

Dividing deaf men from the listening ones

Leave a light on in the night for me, that I can find you

Remember when we both where young and reckless and so curious...

Now you're hiding from your child... a new day's dawning

Remember that you felt alive, sometimes...

And god is on your side

Dividing soldiers from the fisherman

Watching all the time

Dividing warships from the ferryboats

# Real

Now that I am back out there  
Once more scared  
Misgivings haven't gone  
Inside this human race  
No touch of grace  
And still no place to go

I know it's up to me  
To decide if this is real  
But I'm walking and fro  
Always thinking about the ways I chose

Welcome back yesterday... not far away... I'll keep an eye  
On you  
Tell me how could I forget all the angers I once had  
Should I start again... to find the same... that I once left behind  
When tell me why should I forget all these dreams that I still have

Another time... another turn, I thought  
But now I know that's wrong  
This life will still remain the same  
If I don't change a thing myself

I know it's up to me...

## Ruby, Don't Take Your Love to Town

You painted up your lips  
And rolled and curled your tinted hair  
Ruby are you contemplating going out somewhere  
The shadow on the wall tells me the sun is going down

Oh Ruby, don't take your love to town

It wasn't me who started  
That old crazy Asian war  
But I was proud to go  
And do my patriotic chore  
And yes it's true, that I'm not the man I used to be

Oh Ruby, I still need some company

It's hard to love a man whose legs  
Are bent and paralyzed  
And the wants and the needs  
Of a woman your age, Ruby I realize  
But it won't be long  
I've heard them say until I'm not around

Oh Ruby, don't take your love to town

She's leaving now  
'Cause I just heard the slamming of the door  
The way I know I've heard it slam one hundred times before  
And if I could move I'd get my gun and put her in the ground

Oh Ruby, don't take your love to town  
Oh Ruby, for God's sake, turn around

## A Look Into Your Heart (different version)

I remember every day  
Every year that pass the way  
All the plans and all mistakes we made  
She was unhappy  
Many wishes unfulfilled

So far I can understand  
Life seems always much too hard to stand  
If I could take a look into  
Your heart  
I wish you my pain  
Wholeheartedly

I knew it from the start  
It's thunder in her heart  
It's burning strong  
She can't control it  
Burning deep inside  
Infecting her mind  
Have you ever thought of me

Turn around, let life go on  
Sixteen weeks since you were gone  
Made me lose before I could have won  
Look in my face  
Just reflections of yourself  
Disappointment  
Best of hatred

Best of hatred  
Wholeheartedly

## Annie (early version)

And you're sitting in your room  
Enjoying entertainment  
And you're watching tv  
Colours bright and so enchanting

You couldn't be near her  
Wouldn't hear what Annie says  
When Annie's sad  
You couldn't be near her  
Wouldn't hear what Annie says

And your waiting for your daily thrill impatiently...  
To collect it for your private horror show  
And you're watching moving shadows live instead of you... and you...  
You don't know that Annie's living next to you

Jesus Christ we love you so  
Since we saw your tv-show  
Suicidal tendencies, but no will to interfere  
Feel it coming over you... indifference... indifference...  
Choosing channels watching news  
Ignoring Annie's point of view

You couldn't be near her  
Wouldn't hear what Annie says  
When Annie's sad  
You couldn't be near her  
Wouldn't hear what Annie says

You couldn't be near her  
Wouldn't hear when annie laughs... when Annie laughs  
You couldn't be hear her  
Wouldn't feel that Annie... Annie... Annie loves
