## Upstairs

I'm dreaming, I'm screaming  
But making no sound  
I'm the nightmare from upstairs  
And I'm coming down

From silence to violence  
In a single step  
Try to leave or retrieve  
What I can't forget

I can see what I'll be  
When I'm going on  
I can't heal it, can't feel it  
If I'm doing wrong

It's burning, it's yearning,  
It's spinning around  
Let it shout, tear it out, save me  
From this unholy being...

# Traces of China

## Closer Still

The watery light that mirrors in your desirable eyes  
The way you move your lips  
While talking to somebody else  
I move a little closer just to hear what you say  
You speak of loneliness but here's a soul adoring you

It's a wounded heart  
It breaks in two  
And in it's pain  
It sings for you

It's a wounded heart  
That feels afraid  
Moves closer still  
Fulfills its fate

Your freedom's poverty that you do not recognize  
The way you stalk the night  
While talking to somebody else  
I move a little closer just to know who you are  
A slightly glowing ember I'm the breeze igniting you

Your smile incredibly sweet  
That's what I cannot bear  
I seek the friendly water  
Anything to sooth my desire

You're moving out of my night  
And there will be no dawn  
All that could have been  
Remains with me internally lost

# A New Starsystem Has Been Explored

A new starsystem has been explored  
A new starsystem has been explored  
A new starsystem has been explored  
A new starsystem has been explored

Ist dies noch mein Gesicht?  
Ich hör' meine Stimme nicht!  
Ich habe Angst zu sehen,  
Dies konnte alles vergehen

Mein Herz es rast so schnell  
Dieser Schmerz so grell  
Welch' gro'er Sternenheld  
Dessen Wort zu Staub zerfällt!

Ich hab' den Tod der Sonnen gesehen!  
Sie waren von Rot so heiß...  
So wunderschön!

Deep-Space-Overdose  
Frei und zügellos  
Deep-Space-Overdose  
Verloren rettungslos

Ist dies der dumpfe Klang,  
Mit dem die Zeit begann?  
Ich habe Angst zu sehen  
Sie konnte nie vergehen!

Die Welt ein Schattenbild  
Verlangen ungestillt  
Ein blinder Menschentraum  
Verloren in Licht und Raum

Ich hab den Tod der Sonnen gesehen!  
Sie waren von blau so kalt...  
So wunderschön!

Deep-Space-Overdose  
Tief und grenzenlos  
Deep-Space-Overdose  
Alt und ruhelos

## India Theme

## A Million Miles

A million miles from here  
I stand alone and shout  
Not any thoughts, not any doubts

I look around and nothing  
I can see is true  
This is anything but new

I feel a silent rain  
Pour down impassively  
A solemn nightfall kills the light  
That longs to be...

A needless pain...  
You bear in vain...  
Unless you can see  
There is nothing to sustain

# La Danse des Soleils

## Old Man's Valley

I said goodbye to the river...  
The mountains and the trees  
Can't you hear they are singing  
Their song of birth and agony

I said goodbye to the seasons that were never insincere  
By myself I am singing their song  
That no one wants to hear

Many words, many dreams I've got to give  
But in this racing world there is no place for me  
And if I leave today no memories remain...

# Leave No Deed Undone

From the moment you wake up  
You cannot feel free  
There are so many things in this world  
You can't see  
Just don't keep on leaving  
Your dreams behind  
Have a heart to see you'll get  
Trapped in your mind

It's like an impurity in your mind  
Furtive ruin that  
Hails from behind  
Get rid of the demon  
That darkens your sun  
Go on... go on...  
Leave no deed undone!

You don't really depend  
On material plight  
And the way you live...  
It is simply not right  
You just have to get rid  
Of your own demands  
Fight against yourself  
For a second chance

No escape  
Every further step you'll ever make  
Will drive you on to me  
And I will set you free

Sometimes it's so easy  
Just to be scared  
No-one promised  
Your life would be fair  
There's always a reason for you to run  
Away... with me... leave no deed undone

# A Rambling Shadow

## Anyway

I awake... and I look...  
Down at my sleeping face  
From the cold...  
Persuading melodies  
Want me to join this...  
Unreal dance  
An unholy humming  
That echoes and dies

Can I resist...  
Be torn into laughter  
And can I persist  
Being torn into light  
They want me to join this...  
Unreal dance  
That forces my mind  
Just to follow thy will

Anyway...  
Any way must lead out into me  
Anyway I can't go on crawling  
Anyway, I must get rid of it all...

Endless halls... dancing shades spinning round  
Twisting their skinny limbs  
Stench of doom I smell...  
They want me to join this...  
Unreal dance  
And don't want to offer me...  
Any further chance

Careworn... down torn...  
Into the swirl of their senselessness...  
Cosy emptiness...  
It wants me to join this...  
Unreal dance  
Left alone... anywhere you go...  
You'll be caught in your fear again

# Übers Jahr

Spuren im Schnee führen an dir vorüber  
Frostklare Winde im Mondenschein  
Endlose Stunden voll gläsernem Schweigen  
Wachst Du beharrlich in tiefer Nacht

Bricht dann die Stille  
Zerfließt ein verschlafenes, karges Verlangen  
Leise verweht sich der Nebel  
Endlich voller Licht die Welt

Tiefgrüne Wiesen, schattenkühle Wälder  
Blühen in der Gunst des Sonnenspiels  
Reifende Ähren in wiegendem Tanze  
Flüstern ihre Weisen dem Wind zu

Bricht dann die Stille  
Neuerlich hernieder, mit diesigem Hauche...  
Leise erhebt sich der Nebel  
Schließlich tritt die Nacht in die Welt

Wieder sind da Spuren  
Im Schnee bei den Bäumen  
Der Mond steht alleine  
In kalter Nacht

Es ist eine Stille  
Ganz tiefe Ruhe  
Allmächtiges Schlafen  
Leise verliert sich das Leben  
Wartet auf den neuen Tag

## Old Piano Theme

## A Broken Whisper

Silence slowly comes to me...  
Embraces me so tight to keep me cold...  
A thought that's drifting through my mind...  
Struggles to be free and wails alone...

Embraces me... so tight...  
Struggles to... be free...

We turn to stone!  
We don't find home!

Can you hear this broken whisper?  
Can you hear it how it calls?  
We turn to stone!  
We don't find home!
